

SINGLEHANDED SAILING SOCIETY

2005 RACE COMMITTEE SIGNUP

The SSS relies on the volunteer efforts of its members to put on our races and other events – we have no paid staff and do not hire outside race management services. **If you have entered any of our races, you have benefited from other members serving as Race Committee.** Please consider returning the favor by signing up for a turn on the race deck yourself. Experience is not required – you will learn by doing it and you'll even have fun doing so! And remember, if you're chasing season points, you can work one race and still receive a score as if you had started it. See Standing Sailing Instructions #22 for the details.

OK Danny, the guilt trip worked. I'd like to sign up for:

Three Bridge Fiasco – can be even more fun than racing in it – and usually warmer!

I can bring/loan a video camera for Three Bridge.
